Financial Obligations

The satisfaction of all financial obligations to the school, including the payment of tuition, constitutes a material condition for continued enrollment. The school may disallow students from having examinations recorded if financial obligations to the school are not met. In addition, the school may withhold the issuance of transcripts or access to any other student records and/or disallow participation in or access to school activities, and/or withdraw a student if any financial obligations are not met. Access to Renweb may also be withheld for accounts in delinquent status at the discretion of the Finance Office and the Office of the President. See Tuition Agreement Form for more information.
